PRICE, OLD CHAIN GANG NEGRO, GETS HEAVY PENALTY IN CHARGE OF CONDUCTING "BLIND TIGER."

Price, alias "Granger," a negro who might well call the county home because he has spent so much time there, was found guilty by police court this morning of selling liquor, and was fined \$50, or an alternative of 100 days on the county chain.

"Granger," who is an old county convict, but who had never been in the county court before, pleaded not guilty to the charge. On the testimony of Robert Long and George Green, who testified the "blind tiger," "Granger" was proved guilty. His wife, Eliza, was implicated in the charge of selling liquor to her poor state of health. The case was brought into court by Police T. O. Milton, who arrested "Granger" and secured the witness.

The guest of honor of the State Advertising club is William A. Thomson, director of advertising of the American Newspaper Publicity association. He will give a comprehensive view of advertising in general and tell many personal experiences which will be both interesting and profitable.

The evening session will also be held at the Elks' home. The Advertising club of Daytona will entertain their guests with a smoker and the term, "smoker," may cover an entertainment so varied and full of interest that it will please a multitude.

Every business man and citizen of Daytona is requested to appoint himself a committee to see that visiting advertising men are extended every courtesy while in the city.

MISMANAGEMENT ATTRIBUTED BY COMPTROLLER AS CAUSE OF HEARD BANK FAILURE

WASHINGTON, Jan. 17.—The comptroller of currency in a statement last night said the suspension of the Heard National bank of Jacksonville, which closed yesterday, was due to mismanagement on the part of the bank's officers. These he characterized as "lacking experience, incompetent and reckless." The directors, he said, had ignored their responsibilities. The directors and officers are big borrowers from the bank, he asserted, and President J. J. Heard's liabilities approximate \$300,000. The loss will fall principally on the stockholders.

LEAK HEARINGS ARE POSTPONED FOR DAY

WASHINGTON, Jan. 17.—The leak hearings have been postponed until tomorrow. This action was taken unexpectedly just as today's hearings were about to begin. The Rules committee wanted to ask the house for authority to employ counsel.

Among those waiting to testify are Frank A. Vanderlip and Malcolm McAdoo, Secretary McAdoo's brother. It was said that J. P. Morgan will probably appear tomorrow.

DEWEY FUNERAL TO OCCUR SATURDAY IN WASHINGTON CITY

CEREMONIES WILL TAKE PLACE ON ALL AMERICAN VESSELS AND AT AMERICAN NAVAL STATIONS.

WASHINGTON, Jan. 17.—Arrangements for Admiral Dewey's funeral here Saturday have been partly completed. The final plans will be made after Secretary Daniels confers with President Wilson and Mrs. Dewey. The naval cadets from Annapolis and all the available blue-jackets from the Norfolk and Washington navy yards have been ordered here. Ceremonies will take place on every American naval vessel and at all American naval stations. All will fire the admiral's salute.

Secretary of War Baker has ordered all available army units to participate in the ceremonies. A guard of honor from the Gunboat Dolphin and the presidential yacht Mayflower is at the Dewey home.

WAR SUMMARY

The Russians have taken the offensive along the Sereth line in northern Rumania. They have recaptured Vadeni, six miles northwest of the Rumanian Danube port of Galatz, Petrograd announces.

The Germans attacked the French near Clergy and Biachez in northern France and were repulsed, says the Paris report.

Other operations were minor.

LIVE OAK BANK CLOSING TO PREVENT POSSIBLE RUN

JACKSONVILLE, Jan. 17.—The Citizens State bank of Live Oak closed today to prevent a run.

JACKSONVILLE, Jan. 17.—Following on the failure of the Heard National bank yesterday, the First Germania bank, one of the smallest here, was closed by the directors today.

The First Germania State bank, according to a report published last July in one of the leading bank directories, had a paid up capital of \$55,000 with a surplus of \$6,000. The bank's institution claimed at that time deposits in excess of \$100,000; that it had cash and due from banks \$90,000. Its loans and discounts, together with stocks, bonds and securities were alleged to be \$154,000.

At the time of the report, D. J. Herrin was president, D. H. McMillan, vice president and C. H. Andress, cashier.

President Herrin of the First Germania State bank was one of the directors of the defunct Heard National bank and is one of the men against whom the comptroller of the currency has already issued one of the most scathing indictments ever issued against national bank officials, characterizing the directors as lacking experience, incompetent, reckless and ignoring their responsibilities, charging also that the directors and officers were big borrowers from their own bank and asserting that its president J. J. Heard's liabilities were approximately \$300,000.

SAYS PEOPLE BEING ADVISED NOT TO COME TO DAYTONA

Charles J. Lumley, of the Every Hour Tea and Coffee company, was a Jacksonville visitor from Saturday until Monday evening and says that while in that city he learned that people were being advised not to come to Daytona as it was crowded and they would be unable to get accommodations. He learned this through friends whom he met in Jacksonville who were desirous of coming here and were deterred by the report until he informed them otherwise, when they came on to this city.

Daytona is certainly enjoying a good season, but still has room for many more visitors and no one need worry, as yet, about finding a place to eat and sleep. Cottages are practically all rented this season and the promises for a good hotel business also is very bright and it may be that there will be trouble in securing accommodations in the height of the season, but this occurs almost every year. At the present time reservations can be had at almost any of the hotels and it is an excellent opportunity to make reservations now and provide against the time when the hotels will be crowded.

EDW. H. ARMSTRONG BUYS PORTER-MALLARD BUSINESS IN DAYTONA

WILL ORGANIZE COMPANY TO BE
KNOWN AS THE ARMSTRONG
GROCER COMPANY FOR CON-
DUCT OF THE BUSINESS.

An important business change occurred yesterday in the purchase by E. H. Armstrong of the Porter-Mallard company business in this city, a branch of the well-known Porter-Mallard company, wholesale grocers, of Jacksonville, the purchase price being \$12,000.

The papers are now in course of preparation for the formation of a corporation, which will be capitalized at approximately \$25,000, for the conduct of the business, which will be confined, as heretofore, to a strictly wholesale trade. The title of the company will be the Armstrong Grocer company, and a complete line of fancy and staple groceries will be kept in stock.

Associated with Mr. Armstrong in the company will be John C. Reid, president of the National Outlets company and the Corno Mills company, of St. Louis, Mo., a personal friend, who, in company with his wife, has frequently visited Mr. and Mrs. Armstrong in this city and is thoroughly imbued with the promising future of Daytona and the possibilities of a business such as that which, established here but little more than a year ago, has developed to most satisfactory proportions. Mr. and Mrs. Reid arrived Tuesday from St. Louis and are now with Mr. Armstrong and family at their home on Arlington avenue, Bungalow park. E. C. Sommers, of St. Louis, will come to Daytona next Monday to travel for the new company.

Mr. Armstrong, who for the past seven years has been traveling for the Porter-Mallard company, purchased the business here from A. B. Chitt, who owns and controls that company. Mr. Armstrong, who but recently resigned his position with the Porter-Mallard company, is experienced and capable and is also well known and popular both in Daytona and elsewhere along the east coast where business has brought him in contact with the people. He will have the good wishes of a host of friends for the suc-

cess and prosperity of the new company.

LONG DISTANCE FRANCHISE GRANTED BY VOTE OF 55 TO 2

By their votes yesterday the qualified electors of Daytona granted a 50-year franchise to the American Telegraph and Telephone company. But 57 votes were cast in the election and 55 of those were for ratification of the franchise, while only two votes opposed the franchise. This is the nearest to a unanimous vote ever cast on any proposition coming before the electors of Daytona.

NOTES OF INTEREST OF ORMOND GUESTS

HOTEL ORMOND, Jan. 14.—A very close roll game, which was intensely interesting to the crowd of spectators who followed the match yesterday on the Ormond Beach golf links, occurred between Thomas Delaney and Ben Pettigall. The match continued so close that Delaney was not counted until the 18th hole, when Delaney won by one up. Pettigall, however, has a "chip on his shoulder" for a return match.

Dr. and Mrs. J. Blake White, of New York City, entertained at dinner last night James Vinson, of Breton Inn, and his niece, Miss Davis, of Ohio. After dinner a game of auction was played. Mrs. F. Pates Osborn taking the fourth hand while Miss Davis listened to the very good music of the orchestra.

Much to the regret of the many friends which they have made among the Ormond guests, Mr. and Mrs. J. G. Hazard, of Syracuse, leave tomorrow for their home. They are much pleased with Ormond and hope to return next year.

N. H. Wiggin, banker and member of the firm of Remick & Hodges, of New York City, accompanied by Mrs. Wiggin, Mr. and Mrs. W. H. Remick and W. R. Herrick, all of them good golfers, have arrived at the Ormond in their private car for a four weeks stay.

WEATHER

High pressure continues to occupy most of the country from the Atlantic to the Pacific, attended by unseasonably cold weather over practically all sections, the line of freezing temperature dipping southward to near the Texas coast line.

There were rains, mostly light, over portions of the south Atlantic states, and rain or snow was more widespread over the west and north and the southern slope of the Rock Mountains. This continued at 7 a. m. in Texas, portions of Louisiana, Oklahoma and Arkansas. Generally scattered weather will continue over this section tonight and Thursday. Moderate northeast winds prevail on the coast.

How to Prevent Blood Poisoning.

When you have a cut, a scratch, a bruise or any other kind of injury, paint it with iodine. As soon as injured dip a toothpick with cotton rolled on the end of it in the iodine and paint over the wound without washing. The iodine will kill all the germs in the dirt that gets into the wound, while washing only drives the germs further into the flesh. When painted with iodine, wrap the injured part in a clean cloth for a couple of days.

C. D. Cates & company have announced that their local office, situate in the Adler block, will be open for business tomorrow morning.

SMALL PINEWOOD CEMETERY BE MOVED?

RESOLUTION ADOPTED AT LAST NIGHT'S MEETING TO ASCERTAIN WHAT CAN BE DONE IN CHANGING SITE.

A resolution was presented and passed at the meeting of the Daytona Beach council Monday night, which provided for the moving of Pineswood cemetery from its present site, and asked that the council look up the provisions of the state law for moving or changing the location of places of burial.

The resolution gave several reasons for its objections to the present location of the cemetery among which were these:

The cemetery is now in the center of the town on its main street and should be removed to a place outside of the city limits;

The nearness of the cemetery is responsible for a depreciation in value of property in its neighborhood, compared with other peninsula property;

The cemetery is neither healthful or pleasant to have in the center of town.

The resolution did not apparently take into account that the cemetery is a place of beauty; that large sums of money have been spent to improve its appearance; that the Burgoyne memorial, one of the finest monuments in the country is now in the course of erection, or is practically complete except for one item, the whole representing a cost of more than \$20,000; that an expenditure of many thousands of dollars will be necessary to move the cemetery to another place; and that the project has been practically abandoned several times before owing to these reasons.

NEW SHOP OPENED AT THE PRINCESS ISSENA HOTEL

The Fifth Avenue shop of New York, importers, which conducts a business in Palm Beach also, during the winter season, has established a branch at the Princess Isseena hotel, at Seabreeze, where they are displaying an excellent line of high class sport coats, hats, skitris, blouses, novelties, etc. This is the first time they have engaged in business here but expect hereafter to conduct a shop regularly in the season.

SEABREEZE RESIDENT INJURED BY ACCIDENT

H. G. Gilmore, the Seabreeze town treasurer, met with an accident on the cement bridge Tuesday afternoon when a large automobile came up behind him and gave him a hard push while he was riding a bicycle. The wheel was completely demolished and Mr. Gilmore received a severely sprained wrist from his fall to the ground.

Too Much Science.

Mr. Dodds—"I see there is talk of standardizing loaves of bread." Mrs. Dodds—"I wonder how it is going to taste with them doctors putting any more of that food stuff in our food."

REPRESENTATIVE OF AUDUBON SOCIETY SPEAKS AT SCHOOL

The pupils of the Daytona Beach and Seabreeze schools were treated to a fine surprise, Tuesday morning when Miss Alyce Goodhue, the traveling representative of the Florida State Audubon society, addressed the school at morning exercise hour.

Miss Goodhue spoke of the great good that bird conservation will accomplish and of the evils resulting from a scarcity of birds in various sections of the world. She gave the conclusion that the great scientists have reached, that if all the birds on earth were killed in the year 1917, no human being would be alive in 1927. She told also that the birds are the only race of inferior animal life that is an ally to humans. She urged all pupils and teachers to push forward the work of forming and conducting Audubon societies in the various grades of the school and told the necessary steps to be taken. In conclusion, Miss Goodhue gave a number of bird calls, very accurately reproducing the notes of many familiar birds and of some species that are strangers to Florida. Her imitation of the crow's cawing especially delighted the children.

Miss Goodhue visited the Seabreeze school about a year ago, when engaged in the same kind of work, and was remembered by most of the pupils.

What They Say.

It was the first day of her first term of school, and the new teacher called up the class and asked a large girl to tell of Columbus' voyage. "Well," said the girl, "Columbus started out and sailed around a dot." "What?" said the astonished teacher. "He sailed around a dot," repeated the girl. Pressed for her authority, she pointed triumphantly to the page in the book and the teacher read: "About this period Columbus sailed."

A Good Time?

People are always being misunderstood; especially the man whose idea of showing a friend a good time is to take him out in a racing car and hand him the scare of his life.

Managing a Fortune.

We should manage our fortune like our constitution; enjoy it when good, have patience when bad, and never apply violent remedies but in cases of necessity.—Rochefoucauld.

DAYTONA BEACH

Mrs. W. E. Baker's friends will be pleased to know that she is now improving after a few days illness at her home on Pensacola drive.

Mr. and Mrs. Joshua L. Thomas, of Buffalo, N. Y., arrived Tuesday from Jacksonville, where they have been staying for the past two weeks. They are located at a beach hotel while looking for suitable apartments.

Daytona Beach people are glad for the return of Rev. and Mrs. John Treadwell from the St. John's conference. There was little doubt but what they would come back, when they left last week. Nevertheless, their many friends are glad that no stranger graces the pulpit of the Methodist church for the next year.

J. L. Borden, of Chicopee Falls, Mass., accompanied by a party of friends, came in Tuesday from the north in their large Cadillac automobile. They have had an excellent trip coming south in about ten days running time. They spent a week in Asheville, N. C., before coming further south. They left this morning for points south after staying for the night at a local hotel.

BOTTLE WITH MESSAGE FROM PORTO RICO IS RECOVERED BY YOUTH

Keenness of sight of young America snatched a message from the Atlantic Tuesday. While tourists were strolling along the beach at Wilbur-by-the-Sea, Charles Henry Hughes, aged ten years, became greatly excited over what he claimed to be a bottle at sea. The older members of the party failed to take notice, but the boy insisted that he saw a bottle and would get it when it washed ashore. "Oh, mamma," he exclaimed, "suppose it has a note in it" as the adults caught sight of the bottle. When it rested on the sand, Charles Henry pounced upon what proved to be a wine bottle properly corked and containing an enclosure dated May 16, 1916, as follows: "The finder will please write me immediately and learn something to his interest. Address W. S. Lee, San Juan, Porto Rico."

The stationery was that of a steamboat and indicated that it was thrown overboard while the steamer was at sea.

The finder is the son of Joseph T. Hughes, of Pittsburgh, Pa. He is all expectancy and is impatient to hear from W. S. Lee, of Porto Rico. Mr. and Mrs. Hughes have a cottage at Wilbur-by-the-Sea.

TWO NORTHERN YACHTS COME IN TO CITY FOR SHORT TIME

The Abena, a 45-foot yacht, with its owner, E. J. Mickley, came in to the yacht club dock this morning from Philadelphia, Pa. Mr. Mickley has visited Daytona for many seasons in his boat and will stay here for several days before going further south.

The Dorothy, a 50-foot yacht owned by F. F. Budge, of Philadelphia, Pa., and Biscayne Bay, Fla., touched at Daytona over night Tuesday, leaving for Miami this morning in the charge of Capt. H. A. Byers. The Dorothy is 11 feet wide and draws three feet of water and is equipped with 7x99, Otto, 2-cylinder engine, and was built by Wm. C. Offer, of Miami in 1902.

PRINCE GEORGE GUEST LIKES THE HOTEL NEWS

Mrs. Mary E. Youlin, of Chicago, Ill., who recently registered at the Prince George hotel, is particularly delighted with the Morning Hotel News and in conversation with a News man last evening declared that it was certainly a very interesting newspaper. She went on to say that one of the real nice features about the Hotel News is that you can find out who are guests in the hotel and thereby learn if any of your friends are registered. It has been Mrs. Youlin's experience for friends to have been registered at hotels where she has been sojourning and not know it until sometime afterwards. Mrs. Youlin has been a regular guest of the Prince George hotel every season since the popular and genial proprietors, Messrs. Hilliard and Holroyd, have controlled this famous hostelry, with the exception of last season, and, as she expressed it, that's how it was she did not know that the Morning Hotel News was published before its initial issue for the season yesterday.

Mrs. Youlin is also very enthusiastic about the hospitality of the Prince George and declares that the only time I know I am not visiting is when I get my bill at the end of the week. Mrs. Youlin expects her daughter, Miss Alma Youlin, to visit her at the Prince George during the season. Miss Youlin is the prima donna in Hymie & McIntyre's company, one of the leading grand opera companies playing in the states.

Why He Did Not Become a Doctor. The late James J. Hill's father had always intended that he should be a doctor and he himself was not averse to that future. This was as serious an obstacle to the plan as was the death of his father and the subsequent interruption of his studies—Life of James J. Hill in World's Work.

OFFICERS ELECTED FOR THE BOARD OF ASSOCIATED CHARITIES

The second meeting, held in the Palmetto club house on Tuesday evening, for the purpose of electing officers for a Board of Associated Charities, had a fair attendance.

Mrs. Harriet Longdon acted as chairman and Mrs. Nathaniel C. Sears, secretary. The by-laws, drawn up by a committee elected at the first meeting, were acted upon. Rev. Dr. Robert McKay was elected president; Dr. F. J. Walker, first vice-president; Mrs. M. L. Stanley, second vice-president; Mrs. Ella L. O'Neill, recording secretary; Mrs. Harriet Longdon, corresponding secretary, and F. J. Niver, treasurer. The board of directors will be made up of a representative appointed by each of the following churches, clubs and societies: The Catholic, Episcopal, Christian, Baptist and Methodist churches, Palmetto club, City of Daytona, Eastern Star, Masonic bodies, Commercial club, Advertising club, San Sosci club and others.

The time of the next meeting is left to the discretion of the president and will be announced later.

THE SPALDING-DEL VALLE RECITAL

Decision has been reached by the music department of the Palmetto club with Mrs. W. E. Hitchcock, leader, to open the advance sale of reserved seats for their supreme musical offering, Albert Spalding, America's greatest violinist, Loretta Del Valle, prima donna coloratura soprano and Andre Benoit concert pianist, at an early date to accommodate the demand for seats. Tickets for reserved seats will go on sale Thursday, Friday and Saturday of this week from 2 to 5 o'clock at the Palmetto clubhouse. There are only 700 seats to dispose of, hence club members and their friends will do well to secure their tickets during the first days of the sale.

CARD PARTY ATTRACTS MANY TO LADIES' CLUB

Tuesday afternoon the social committee of the Palmetto club entertained at cards in the club house. Mrs. Ira H. Miller was in charge, assisted by Mrs. T. E. Fitzgerald, Mrs. A. O. Holroyd, Mrs. W. W. Hilliard, Mrs. Wm. A. Rozby, Mrs. George Smith, Mrs. M. P. Cornwall, Miss Mary Harry and Miss Lee Bowers. Fifteen tables of cards were enjoyed playing bridge and five hundred.

When the scores were counted it was found that Mrs. Kate Warner won at five hundred, while Mrs. Arthur W. Blake and Mrs. Phillips captured the trophies at bridge. The prizes were very attractive and consisted of a hand-painted plate, green pottery vase and cut glass mustard jar.

After the card game coffee and cake were served in the tea room.

FAMOUS ACTRESSES IN JACKSONVILLE

Jacksonville at the present time is well filled with motion picture actors and actresses but none with more prominence than Ethel Barrymore who is starring in a new picture play called "Egypt." Some of the scenes for this play have been taken at St. Augustine which has made it necessary for Miss Barrymore to journey to the "Ancient City."

Another actress of distinction who is making Jacksonville her headquarters during the making of scenes for a new photo play is Madame Olga Petrova, the famous emotional actress. Madame Petrova recently arrived in Jacksonville from New York on the Clyde Line steamer "Mohawk." It is rumored that in order to complete her picture she may find it necessary to come to Daytona Beach, which, we hope is true, as it will give persons who have never seen a motion picture made an opportunity to do so, as well as see this charming actress in real life.

Piper, assisted by Mrs. Davis, have decorated the spacious lobby in an artistic manner and the music will be furnished by the Despland orchestra, which will give a concert first. Miss Green will introduce several interesting features during the evening, including vocal and instrumental selections, as well as giving exhibition dances herself. Miss Frances D. Piper, manageress of the Toronita hotel, is assisted by her sister, Miss Mary Piper, who acts as hostess. Miss Mary has proven her ability to serve in this capacity and has a charming manner. The spirit of good cheer is always in evidence here, as the management are never too busy to look after the welfare of their guests.

TO ADMIRAL DEWEY

HERO OF MANILA BAY AND RANKING NAVAL OFFICER OF THE WORLD, DIED LATE YESTERDAY AFTERNOON.

WASHINGTON, Jan. 17.—Admiral George Dewey, the hero of Manila Bay, and by priority, the ranking naval officer of the world, died at his home here late yesterday in his eightieth year.

Admiral George Dewey, "hero of Manila Bay," fought and won the first great American naval battle against a foreign foe since the War of 1812.

His whole life was full of honorable achievement from the days of the Civil war down to the time when, as the head of the General board, he began the last chapter of his work by laying plans for the defense of his country in time of war. His life was a striking exemplification of the possibilities of a career based upon the exact and intelligent performance of every routine duty which molds a man on inflexible lines of duty and honor.

One of the curious freaks of fortune in Dewey's case was that for perhaps the first and only time in his naval career he was disposed to protest against the edict of the naval department which carried him into the Far East, where he was destined to perform the greatest feat of his life and to win imperishable renown. That was back in 1898 when the war clouds were gathering and Dewey felt that he was being "shelved," that the war with Spain was to be fought out in the Gulf of Mexico and in the Caribbean sea and that he, distant by half the circumference of the globe, would stand no chance of winning glory, for at that moment no thought whatever had been given to the Philippines. But he took his orders and like a true sailor obeyed them. The result is a page of history under date of May 1, 1898.

Contrary to Spanish expectations, Dewey sailed into Manila Bay on the night of April 30 and in the morning of the next day he annihilated Admiral Montojo's squadron, destroying eleven warships and capturing all other vessels and all the land batteries without the loss of a man on the American side.

Upon his triumphant return to the United States he was feted by the nation. His admirers presented him with a beautiful home in the National capital. Congress gave him an engraved sword, and raised him from the rank of Commodore to Rear-Admiral and then to the full rank of the admiral of the navy.

Admiral Dewey was the third American to reach that pinnacle of naval rank. Farragut was the first and Porter the second. It was under Farragut that Dewey received his first baptism in war.

"Valuable as the training of Annapolis was, it was poor schooling besides that of serving under Farragut in time of war," Admiral Dewey once said. "Whenever I have been in a difficult situation or in the midst of such a confusion of details that the simple and right thing to do seems hazy I have often asked myself, 'what would Farragut do?' In the course of preparations for Manila Bay, I often asked myself this question, and I confess I was thinking of him the night we entered the bay with the conviction that I was doing precisely what he would have done."

George Dewey was born in the shadow of Vermont's state capital at Montpelier, on the day following Christmas in 1837. At the age of 17, he reached the cross-road of his career: one road led to West Point, the other to Annapolis. Young Dewey favored the former, but—

"There was no vacancy for West Point from Vermont," explained the admiral in reviewing his life. "Otherwise, I might have gone into Manila Bay on an army transport instead of on the Olympia. But it happened that there was a vacancy at Annapolis, so I entered the navy."

At the outbreak of the Civil war, Dewey was 23 years old. He was commissioned a lieutenant and guided the Mississippi as its executive officer in Farragut's historic dash past New Orleans and its forts. He was not so successful at Port Hudson. Farragut won through, but Dewey and the Mississippi ran aground under the guns of the fort. The ship was set afire and during the transfer of the crew under fire, the young officer "lived five years in an hour."

From the close of the Civil war until the opening of the Spanish-American, the life of the American naval officer was made up of routine duty at sea and ashore. During this period, the future admiral cruised; taught a class at Annapolis; surveyed lower California and part of the west coast of Mexico; carried supplies to the survivors of the siege of Paris; performed duty at Boston Navy yard and the naval torpedo station at Newport; inspected lighthouses and served as naval secretary on the Lighthouse board; spent two years traveling on a sick leave in search of health; four years as chief of the bureau of equipment; and at the age of 59 was serving as president of the board of inspection and survey with the rank of commodore. It was in this important naval office that he presided at the trials of all the battleships, except the Oregon, which were to demolish the Spanish squadron at Santiago.

Shortly after his return from Manila Bay, Admiral Dewey found himself in the fire of popular criticism over the "gift house incident." American citizens had raised \$50,000 by public subscription as a testimonial to the hero of Manila and they presented him with a house in Washington. Dewey,

SIGNIFICANCE OF PEACE NOTE SENT BY WILSON POINTED OUT BY LEADER

GENERAL SECRETARY CUMMINGS
OF WORLD FOUNDATION SAYS
IT IS NOTED U. S. WILL ENTER
COUNCIL OF NATIONS.

OSTON, Jan. 17.—Edward Cummings, general secretary of World Peace foundation, issues a statement respecting President Wilson's note of Dec. 18 to the belligerent powers, in which he asserts that the significance of the president's move lies in the official offer by the United States to take a part in the League to Enforce peace after the war. The statement reads:

"There is good reason to believe that the historical significance of President Wilson's note to the belligerent powers on Dec. 18 will be found not so much in the questions it asks, but in the questions it directly and indirectly answers. Critics in this

country and in Europe may be right; the questions asked may be inopportune; the secretary of state's 'verge of war' commentary on them may be worse than inopportune. But momentary chagrin and irritation over such details must not blind the people of the United States and of Europe to the momentous fact that this note marks the completion of a rapid and almost revolutionary change in the policy of the United States toward European nations.

"When the great war began, in 1914, the traditional policy of the United States was summed up in the Washington's much-abused maxim, about avoiding 'entangling alliances.' In this note, the United States stands before the world as the champion of a league of nations ready and even eager to co-operate in the accomplishment of these ends, when the war is over, with every influence and resource at their command."

What He Needed.
"I have decided," remarked the congressman, "to train my memory." "What system will you use?" asked his secretary. "I don't know. I'm looking for one that will enable me, when I am interviewed, to remember what to forget."

GOES TO REMINGTON, INDIANA, BEFORE RETURNING TO CHICAGO

John S. Milligan, who had been at home since Christmas, with his parents and brother, Mr. and Mrs. A. Milligan and Burton, and his grandparents, Mr. and Mrs. John Milligan, South Ridgewood avenue, left Tuesday afternoon for Remington, Ind., where he will be engaged in the Bank of Remington, of which Mrs. Milligan's father, S. G. Hand, is president, while Mr. and Mrs. Hand come to Florida for a visit with Mr. and Mrs. Milligan at this place and Judge and Mrs. H. P. Branning in Miami. Mrs. Branning also being their daughter. John will be at Remington until the first of April and then return to Chicago to resume his studies in the University of Chicago. His visit was greatly enjoyed by his many friends in this vicinity as well as by members of the family, while he found it all too short and says that absence only makes his heart grow fonder of Daytona.

To Press Rain-Spotted Clothes.
A garment spotted by the rain may be freshened by laying it over an ironing board and steaming it. This is done by placing a damp cloth over the article and ironing.—Woman's Home Companion.

ORMOND

ORMOND, Jan. 16.—Among the winter residents who have returned this past week are Mr. and Mrs. Henry Tompkins of La Salle, N. Y., H. E. Shaffer, of Akron, O., William H. Cornell, of Niagara Falls, and Mr. and Mrs. F. N. Johnson, of Crawfordsville, Ind.

Many new guests are arriving daily at both the Hotel Ormond and Bretton

Inn, and the peninsula is beginning to look very lively again.

The brick road from the hotel to the ocean is completed and is, perhaps, a little too inviting to speeders.

Work on Granada avenue from the depot to the bridge is progressing very rapidly and it soon should make a fine boulevard.

The contractor who is building the river road from Daytona to Ormond must have fallen asleep along about Holly Hill, for if it were not for the blocked road, we would never know he had the contract.

The common council has ordered Ridgewood road marked south to the city line and the town of Holly Hill

and the county is being completed this on to Daytona.

George H. Sage has a family for the winter and a little daughter, Miss Lane, deriving great pleasure from new autopaeds.

Mrs. Joseph H. Price and man Hubert Price have returned more from New York.

A very pleasant "Scale V. E. ty," was held at the V. E. Thursday. Mrs. Abbott, Miss Bonfield and Mr. Bonfield were the fortunate winners.
